Sixth, Seventh, and Eighth Grade Homework Policy

Homework is an educationally valid extension of the instructional program of the school and will be a part of every student's educational program. The purpose of homework is to provide essential practice in basic skills, enrich and extend classroom learning, reinforce independent study skills, and develop initiative, responsibility, and self-direction. In accordance with school policy, your child should have 60 minutes of homework per night. Most homework assignments begin immediately after instruction, so the teacher will be available to answer any questions regarding procedure with the remainder of the assignment to be completed at home. Homework assignments will be graded and returned to your child as feedback. Homework counts as 30% of your child's grade during every marking period. Homework can help your child receive a good grade or, if not completed, can keep your child from receiving one.

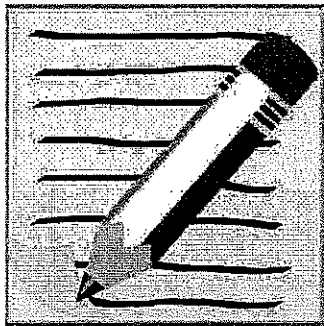

Homework Specifics for Students

- Students will complete all assignments.
- Students will do homework on their own and to the best of their ability.
- Students will turn in homework on time.
- Students are responsible for making up homework assignments missed due to absences according to school policy.
- Students will receive a zero (0) grade for missing assignments.
- Students may turn in a homework assignment late for a maximum grade of a 70.

Homework Specifics for Parents

- Establish a homework routine for your child.
- Establish homework as a priority for your child.
- Provide positive support when homework is completed.
- Provide consequences when homework is not completed.
- Contact your child's teacher if he or she has a problem with the homework.

Mrs. Beckett, Mr. Henault, and : TBD

Sixth, Seventh, and Eighth Grade Classroom Policies and Procedures

Assignments:

- In ALL subjects, answers should be written in complete sentences. In Math, all work must be shown.
- If absent, 2 days for every missed day will be allowed to complete work. After that time has passed, zeros will be issued.
- For family vacation time, students must take responsibility to inform teachers and collect assignments prior to leaving on their vacation. This must be done at least one week prior to vacation. Please note, some assignments may not allow for independent completion if in class instruction is required.
- Checks will be given for incomplete homework assignments as per school discipline policy.

Test and Quizzes:

- All test and quiz grades will be available for review using the OnCourse connect platform. Login information can be obtained from the school office.

Supplies:

- Please see attached classroom supply list. We use everything on that list, and we use it daily.
- All textbooks will need to be covered.
- Checks will be issued if a student needs to return to their homeroom for missing materials.
- NO hooded sweatshirts may be worn in the school building.

Student Progress:

- All student's progress reports and report cards must be signed and returned within 3 days of distribution. If not returned, parents will be contacted to ensure reception.
